

PUBLICACIONES QUE HAN DERIVADO DE LA TESIS

D^a. RAQUEL TORRES SÁNCHEZ

Artículo

The geochemical evolution of brines from phosphogypsum deposits in Huelva (SW Spain) and its environmental implications.

Science Total Environment 2020, 700, 134444

Artículo

Long term geochemical variation of brines derived from a major phosphogypsum pond of SW Europe.

J Environmental Management 2020, 254, 109632

Artículo

Hydrogen fluoride concentrations in ambient air of an urban area based on the emissions of a major phosphogypsum deposit (SW, Europe).

Science Total Environment 2020, 714, 136891

Artículo

Geochemical anomalies of household dust in an industrialized city (Huelva, SW Spain).

Science Total Environment 2107,587-588, 473-481
